**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The only major ISP in my area is Comcast and they know it. The rates are astronomical and are pushing more and more people in my area away from them. That's why I'm so thankful a small company call Sonic came around and could provide affordable, high speed internet to my home. I work from home, so high speed internet is crucial to my small business on top of being available to my family. Please don't further deregulate telecom . Let these smaller companies grow so consumers have a choice. The popularity of Sonic in my area is an example of how the free market is deciding to buy local and promote small business to continue to grow the economy. Small ISPs like Sonic are what make America great.
